# PRESIDENTS REPORT

The 2020 “Winter” season has been & gone. While the season this year cannot be defined by the start and finish dates of competition, in that regard this season will always be unique, there is no denying that we were all very fortunate to even have the opportunity to play soccer throughout the “Winter” in the face of restrictions imposed to mitigate the risk of COVID-19. For that we should be very appreciative of the hard work and attitude of both the Hills District & Sydney Churches Football Sydney Associations to make the season a reality amongst all the noise and publicity surrounding COVID.

As a club, the disjointed start to the season due to COVID did not positively impact our Junior playing ranks. For the first time in my time with St Columbas, and possibly on record, the club failed to field a team in the CFA Sydney Junior grades. This was a disappointing outcome and will hopefully not be the death knell for St Columbas representation and historical strength in that competition.

However, we continued to field our Academy teams in the Hills District Association, and our 3 Senior Men’s teams were ultra-competitive in the Raahauge Cup division of the Sydney Churches competition. This resulted in the Raahauge Cup Black team eventually prevailing over their Orange counterparts to become Raahauge Cup Reserves Premiers for 2020. For further details of their exploits and success, I will leave the respective team reports to speak for themselves.

We also continued to support the CFA Sydney drive to expand their Girls competition, and several St Columbas players represented Wentworth Saints in the U10 & U13 teams respectively this year.

The 3 Senior Men’s teams continue to be the yardstick of engagement and success within our club. The development of the youth within the Black team, and the continued sustained success of the Orange squad reflect very strongly of the management and structure of those teams to enable our members to enjoy and flourish playing soccer.

I wish to thank my colleagues across the Management Committee for their continued commitment and passion for our club and the sport of soccer in general. Zoom meetings became the norm, but decisive decision-making and support for our teams ensured that as a club our season ran relatively smoothly.

However, as mentioned previously I do feel that our club is hugely reliant on the same established people to keep turning up year after year to make this club function. I am hoping that with possibly some semblance of normalcy returning to society in 2021, that we can see greater transparency and engagement across all aspects of our club and members to ensure that we continue to build on the relationships and growth achieved prior to 2020.

For me, St Columbas is all about playing soccer in the right spirit, and with the right intent and attitude to both enjoy and engage within your club. If anything, 2020 has proven that we

should not and cannot take many of our social and leisure activities for granted. The opportunity to enjoy and compete playing soccer is a privilege, and for that we continue to look forward to the opportunities that 2021 will bring.

Wishing you all a safe and happy end to 2020.

**Matthew Smith**

St Columbas President 2020

## **SECRETARYS REPORT**

What a season it was ! The dreaded Covid virius put a halt to the season even before it began.

We got there in the end, managing to get in 14 rounds + finals

It was great to see both our Senior Raahauge Cup Reserve teams play off in the grand final. Unfortunately, there had to be a runner up, it was a great game, played in the right spirit and one that we should be proud of as a club. Congratulations Raahauge Cup Reserve Black on the win.

We had several Junior teams playing in the Hills Competition, thank you to George & Leticia for your efforts in organising these teams.

It was great to see the Wenty Saints (combined Wenty & St Columbas) girls teams play again this year. With 3 girls teams being entered, two of which played in the grand finals.

Thank you to all our coaches, managers, volunteers and supporters, who all help to ensure our teams are organised & ready to play each week.

Enjoy the off season, hope to see you all back next year.

**Kim Sydenham**

St Columbas Secretary 2020

# TEAM REPORTS

## Under 8

First and most of all I would like to thank all the boys for their good work this difficult season. They have all come a long way.

JAI– Has done wonderfully in goals. Like all the other boys he has come a long way. His skills in the goal area have grown tremendously. Hope to see you next season.

EMERSON– Has come a long way. Not only can he control the ball without much effort; but he can score a goal with the greatest of ease. Emerson will make a great centre one day.

ASTON– He is a marvellous player. After scoring eighty five percent of goals for the season, Aston is a natural at this game and has had a great season.

BRAYDEN– In the beginning of the season Brayden was more afraid of the ball than it was of him. During one training session he kicked the ball really well and from then on played with no fear at all. Playing hard and fast and well with his teammates.

ELIAS– In much the same way as Aston, he can become a very skilful player. Then with a flash of colour he also started to face the ball, kicking well and scoring a few goals in the last third of the season.

FAYEZ– At least will now kick and watch where the ball goes. He is also running with the ball and playing well with his team mates. Scoring goals as well, Fayeze has had a great season.

OLIVER– Has also learned how to kick and watch the ball. Oliver played in the halves which was the right position for him. Oliver with a bit more practise will also be a fantastic player. Unfortunately, he couldn't play half of the season due to a broken arm.

THIAGO- Same as Oliver, the other part of the season, Thiago had his arm with a hard cast, did not stop training but couldn't play. Keep training hard!

In closing the team had a wonderful season, being undefeated throughout the comp. The season was played well by all.

## **Under 10**

JENSEN – played centre forward and by the end of the season knew his position well and made several attacks on the opposition goals every game. Hopefully we can get an under 10 team together for next year because Jensen will score plenty of goals in it.

BENJAMIN B.– Ben was always at training and one of the first to be ready to play each game. Super keen he even wanted to train after our season had finished!

BENJAMIN T.– Benji starred for us all year. Ben whilst watching our last game said I was too hard on Ben, when after helping in attack I called out to him to help in defence. But that's what we came to expect from Ben who was not only one of the best players in our team but one of the best in the competition – every week.

ALONSO– Like Jensen, one of the best players in the competition.

JACK – Jack played in the fullbacks with distinction. Jack was one of the first players to learn how to clear a ball safely away from goals and how to move up to get offsides. Jack also had a moment of glory when having a go in goals he saved a penalty!

LEO– Our right half who always knew where to go to be in position. Leo was a good team player being one of our best passers.

LEVI – Probably the team's biggest improver as the season went on. Levi's tackles and big kicks cleared away lots of problems for us as well as sending the ball back to the attackers when they lost it.

PETAR– Petar split his season playing in the fullbacks where his aggressive tackling and good kicks were important and in goals. Petar doesn't seem to like it much but he has developed as a terrific goalkeeper. Just to prove it he made a great save on what looked like a certain goal in the last game.

KHALID– Khalid played centre fullback and held our defence together all year. Very few opposition players actually ran around Khalid without being dispossessed of the ball.

OLIVER- started the year with basic dribbling skills, by the end of the year we have seen that his speed has now improved and he is now becoming able to turn away from a player.

## **Under 11**

LUCAS- During the year Saturday's captain was selected by the most cooperative and reliable at training. Lucas was captain the most this season.

PETER- well rounded skills, we concentrated this year with his awareness in front of goal and being able to shoot at goal. By the end of the year, we have seen his awareness improve together with skills.

OSCAR- He is always committed to training sessions and game, very responsible. Keep going!

ZACHARY- Zac is the most improve player the whole season, he also played Under 12's on a couple of games.

ALEXANDER P.- A pleasure having him on board. Keep training hard!

EMILIANO- He runs fast, he can dribble, he can score goals. Needs more training, though.

WILLIAM- The best player! Always willing to help, ready to play Under 12's!

ALEXANDER B.- He work very hard the whole year, very responsible. He has been learning and applying his skills on the game.

PHOENIX- The team's GK without a daut, he can play on the field too, very skilful and a

## **Under 12**

The under twelve team had nine registered players (eight of whom were under eleven), and one of the nine of them withdrawn from the team due to an injury. So, was a very though season. However, the whole team did a very good Job. Very proud of all of them.

## **Raahauge Cup Orange First Grade**

Saints. Season 2020. Let it begin....

...well sort of.

As with all things this year the Saints Raahauge Cup season faltered at the start line. Pre season was messy as the world struggled to deal with the growing pandemic. The delay served to make the saints hungry. Hungry for goals. And when the season started for real, oh boy did the saints feast.

The team averaged nearly 5 and a half goals a game this season. With a front line over crowded with talent, and a newly formed backline that was now instructed to build from the back, the quality in the side was beyond what most teams could handle. The new additions to the side bolstered the roster of players available, which meant we had options galore and so the opening part of the season was spent determining who played best where. The only problem with options is what do you do when they all play well? Fortunately for the saints, every line up that got trotted out seemed to work. A mid season clash against Castle Hill Baptist proved this point when the team, decimated by injury and weekend weddings, pulled off a gutsy 2-1 win despite playing with an array of fill ins from reserves.

The season was a lot of fun. Undefeated early in the season, it became clear soon enough that the real test in the competition was Westeroos, a relatively new team who no one had seen play before. The first game against them was away from home and it became a learning point for the saints which ultimately foreshadowed the season to come. The lesson learned that day as the Saints lost a lead and then a narrow game 2-1 is that regardless of how much you dominate a football game, if you're not dominating in the goals column then the other team is only a few kicks away from being in front.

After that stumble, and a draw a few weeks later to third placed Kings, the season began to look like second place was the best we could finish. However, the second match between Saints and Westeroos ended in a draw. With Westeroos losing unexpectedly a few weeks later and drawing on the final day against Lidcombe, the Saints insane goal difference of 60 and a blistering end to the season got them to first place and a minor premiership. Up the SAINTS.

A mid season highlight that deserves mentioning was the saints 4-2 thrashing of Kings Premier League in the State Cup. This served as proof of the quality in the side, and that we aren't far away from being a true juggernaut of the churches competition.

To the misfortune of the Saints, when the finals came around we just couldn't put it all together. A Saturday grudge match with Westeroos came hard and fast and a 2-0 loss with it. On the Wednesday night, in a semi final game to make the big dance the Saints went up early 1-0 on a sublime finish by Chris Teleki. However, our early season lesson wasn't learnt as our 12 other first half chances didn't change the score line and Kings got themselves back in the game and then in front.

What a year fellas. Minor Premiers, third place in the finals, and making the semi finals of the state cup is a great effort and you should all be proud of what you achieved.

Unfortunately, amidst the furious march of the saints towards the finals, injuries and life in general paid a price. Early season MVP favourite Brendan Decker, who was playing in a new position out wide and forcing entire defensive lines to bend then break to account for him, copped an ugly ankle tap from behind and broke his collar bone mid season. You were on fire Brendan and we can't wait for more of that next season. Liam Daynes paid the price for a mid season snow trip, rupturing his labrum and missing time whilst rehabbing. At left back Owen Simonsens injury was cricket related, in that the cricket season forced him to step back from first grade because he couldn't make the finals. Football is at its most fun when everyone is fit and available to play, so the Saints look forward to having everyone available next season when the march begins again.

Report by **Tim Robertson.**

## **Raahauge Cup Orange Reserve Grade**

2020 was an interesting year for everyone but it saw a revived Saints team ready for whatever the season threw at them. A relatively new squad took the pitch this year and the start of the season would prove to be a test for the team. However, after 3 or 4 rounds, structure started to take shape and the boys began looking like real contenders for the premiership.

As club veteran Grant Pullen likes to say, “the team with the strongest defence will win the comp” and that's what we worked on. A solid back line consisting of Dylan Flaherty, Jono Lee, Grant Pullen, Josh Pullen, Todd Orphin and Kieran Bear ensured that each team we played knew it would be a struggle to make it to the goals. This included a 4 or 5 game stretch with no goals conceded against and a very happy man in GP. Albeit, an unfortunately boring time for Goalkeeper Peter Gordon who continued to be absolutely solid in goals.

Moving to the midfield and the Saints main goal this year was dominance and intensity in the middle of the park. Kyle Christie, Sam Poole, Adam Goldsmith and Owen Simonsen were crucial players in achieving this and the cohesion between defence and midfield. Plenty of communication and a lot of hard work meant the boys looked better than ever. Causing havoc on the wings were Ben Hurwood, Ryan Leembruggen, Matthew Ferguson and Aaron Hutchinson. Lots of running and a determination to reach the byline continued to prove unbeatable for the Saints.

Lastly, the attacking third consisting of Justin Hall, Brad Turner and Nath Kingston saw the goals skyrocket for the Saints. Cool, calm and collected under pressure, it was a rare sight to

see one of these three miss a goal. Working relentlessly to harass the opposition defence and never shy to have a little chirp in their ear either, the boys were invaluable.

Overall, an incredible season and a huge effort from the Saints. Taking home Minor Premiers a particularly special highlight as well as making it to the Final. An unfortunate loss on the day hurt, but the real victory came afterwards when the Saints + supporters all gathered to celebrate the season. Reminding us all of the reason we play and who we play for. The lads will return in 2021, ready to give 110%. Up the Saints.

**Report by Matthew Ferguson.**

For the “Orange” Season awards we had the following:

Reserve Grade MVP: Kyle Christie

Reserve Grade Players Player: Dylan Flaherty

Reserve Grade MVP: Michael Glenfield

Reserve Grade Players Player: Brendan Decker

Golden Boot: Michael Glenfield

Coaches Award: Aaron Hutchinson

## Raahauge Cup Black Reserve Grade

Well, what a great 2020 season with the team made up of a few veterans, and the group of young guys coming up from juniors for their first full season in the men's competition, all the way to the 2020 Raahaughe Cup Reserve Grade championship win.

The season started very up and down. 3 wins, 2 draws and 3 losses with some good, some bad and some lucky moments in those results.

With a formation and style change the team then went on a 9 game winning streak, that included the semi-final, elimination final, and grand final in the space of 8 days.

We started the season with a large squad, but with injuries, trial HSC and HSC preparation during a busy and stressful time for most of the boys, working out who was in and out in the roster from week to week was a full time job.

The grand final was played against St Columba's Orange and was a tough but fair game played in the right spirit by both teams and was a great advertisement for the strength and spirit in the club with players from their early 50's to 17 on display representing the club.

This year saw a couple of new boys join with the core of last years under 17 team now moving into the men's comp, and a couple of senior guys who have been around the club for many, many, many years, with the team blending really well with the youthful running coupled with more control and experience when needed led the team past some very tough opposition all the way to the championship.

We finished with the second best defensive record in the competition, with 2/3 of them being scored in the first half of the season before our 9 game winning run.

The golden boot this season went to Josh King with 13 goals, with 5 in the finals alone where he was more than a handful for everyone he came up against during the season.

For me, the highlight of the season, apart from the championship, was the way the team represented the club, and being part of bringing through the influx of young players to renew the club and I hope set the club forward to a strong future.

I would like to thank all the family and friends that came each week to support the team, even when the conditions were not great. Also a big thank you to Bruce who while being registered to play, ran the line each week for the team so others could play.

I hope to see all the players return after the off season to help defend the title next year.

**Scott Moeser**

**2020 Manager**

## Wenty Saints Girls Teams

Under 8-Under 10 & Under 11- Under 13

After a win in the grand final last year many of the original Wenty Saints girls came back to have another fun season of soccer. Being just the one age group last year U9-U11 it was split into two age groups for this year.

The girls got together for just 1 training session before COVID sent the whole season and the world into a state of confusion, with uncertainty if the season would even start. Thankfully, though it was a late start, we still got a full season in. Unfortunately, with the uncertainty around COVID & playing conditions, it ended up that we had only three teams in each age group.

But we are so thankful that we got to play at all.

## **Under 8 - Under 10**

With a shortage of opposition teams, this season consisted of 5 a-side games on the mini field. This meant we could field 2 teams – the mighty Pink & the magnificent Purple.

We had several new players in these teams, mixed in with returning players from last year. Jacob and Matt S stepped into the coaching roles with fun, laughter and a bit of skills training thrown in along the way. We did face a very strong team from Guildford who went on to win the Grand Final, but through the season our girls were very competitive and enjoyed the challenge of playing a better team.

The games against each other always proved to be exciting, with all girls celebrating no matter which team scored or saved the goal. The Semi Final against each other was another exciting game with Pink coming away with a narrow 1-0 win to make it into the Grand Final against Guildford.

## **Under 11 – Under 13**

Also faced with a 3-team competition the girls played 9 a-side on the SSG field.

Once again with a mix of returning and new players under the watchful eye of Coaches Matt W and Michael, the girls made it to the Grand Final.

However, as it was during the season against Guildford the ball hitting the back of the net was a problem, though this in no way reflected a lack of effort or endeavour to score goals! Overall, the team scored 55 goals and only conceded 5. But in a closely fought Grand Final where we dominated possession and shots at goal, Guildford walked away celebrating a 1-0 victory.

The season could not have happened without the hard work of the Association in working within COVID restrictions plus the support we received from the parents/grandparents in sticking to those restrictions. Looking forward to season 2021 for the Girls Competition where we hope to see continued growth, plus the return of the smiling faces and friendships of our teams.

## **Naomi Smith**

Manager U8-U10 Pink & Purple

Mother & taxi driver for 2 girls throughout the season

Stand-in coach when the Male coaches couldn't be bothered turning up ... (playing soccer themselves)
